

# **ROOSEVELT ATHLETICS – Visitor Information**

---

On behalf of the Roosevelt University and the Athletic Training Staff, we would like to welcome you to the campus. To help make your trip a little easier, here is some important information that may be of assistance to you.

The athletic training room is located on the 6<sup>th</sup> floor of the Auditorium Theater Building (430 S. Michigan Ave., Chicago, IL), room 658. The athletic training room will be open approximately two hours before the contest and until treatments are completed following the competition. Hours of and location of training room will vary for home vents depending on location of home venue.

If your team is traveling with only an athletic training student, a written prescription or e-mail from a certified athletic trainer is required for treatment other than heat or ice.

For your convenience water, ice, ice bags, cups, towels, & biohazard supplies will be provided in your bench area. Should you require any other supplies please contact us in advance.

Vacuum splints, basic airway kit, crutches and other splinting/ambulatory supplies will be available to the student-athletes when needed. If you are in need of any additional supplies or information, and/or if we can be of service to you in any other way, please do not hesitate to contact the Athletic Department or the Athletic Trainer.
